District 3 Director's Report

Jim Shannon discussed the revised FSMS Constitution forwarded to the membership by mail. Very few comments raised by the members to date. He also discussed Senate Bill 1964 (Design Professional Liability) on Gov Crist's desk requiring signature by June 1. This had significant support in both the House and Senate. He (Jim) offered a breakdown of the bill to anyone who wanted it and urged members to speak out (or write) in support. (Secretary's note: SB 1964 was vetoed by Governor Crist).

As always, members with questions or comments for the Board should contact him via email shannosurv@aol.com.

Guest Speaker: Dr. David Gibson - Professor and Founder of the University of Florida Geomatics Program who presented a very entertaining and informative program on riparian rights based on his extensive personal experiences. His 1986 [Guidelines to the Surveying Profession](#) is still on the DEP website and is currently being revised. Dr Gibson offered comparisons between the 1986 document and the upcoming revision.

Raffle: The Volusia Chapter marble raffle was not held this month, however the Central Florida Chapter raffles went off as planned with Bill Rowe winning the chance at the CFC marble drawing (no luck!) and Jim Shannon winning the free dinner ticket.
